

GRAND RAPIDS
FIRE PROTECTION INC.

RECOGNIZED FOR EXCELLENCE IN THE DESIGN AND INSTALLATION OF FIRE SUPPRESSION SYSTEMS

Who We Are

Grand Rapids Fire Protection is a family-owned and operated business serving the state of Michigan and Indiana with over 20 years of experience. GRFP is a certified MBE (Minority-Business Enterprise) and MLBE (Micro-Local Business Enterprise).

What makes us different? Grand Rapids Fire Protection invests in team growth and expertise as well as excellent customer service. We employ apprentices, provide training, offer 24-hour emergency services, and stay updated through industry associations for top-quality service.

Past Projects

GRFP has completed projects in the multi-family, education, retail, industrial, and mixed-use building sectors, including Adam's Christian School, Story Point Portage, Fluresh, Presque Isle Electric & Gas Co, Blythefield Country Club and Antoine Court Apartments.

What We Do

Grand Rapids Fire Protection specializes in fire sprinkler systems, offering design, installation, service, and maintenance. Our qualified technicians ensure precision and compliance. We provide various system types and fire pump expertise for reliable, efficient, and safe solutions.

Core Competencies

Fire Sprinkler Systems

With a deep understanding of the various types of sprinkler systems, including wet pipe, dry pipe, pre action, deluge, and foam, our experienced designers make informed decisions to ensure optimal performance and effectiveness.

Inspection, Testing, & Maintenance

Our skilled technicians identify issues and offer cost-effective solutions, including annual and quarterly inspections, emergency services, and fire extinguisher sales and certifications.
