History and Growth

Established in 2013, Praise Sign Company is dedicated to helping your business stand out from the rest through integrity, experience, and excellent service. At Praise Sign Company, we take pride in everything we do.

Our 20,000 sq. ft. working facility includes a 6X12 CNC router, Bridgeport mills, two 5-ton overhead cranes, 40-foot crane truck, metal bending brakes, sheet metal shears, radial arm saw, aluminum and steel mig welders, and the experienced craftsmen dedicated to designing and manufacturing your signage.

From sign planning and design to fabrication and installation, Praise Sign does it all!

Corporate Office

3404 Busch Dr. Suite F.,
Grandville, MI 49418

Examples of our diverse range of capabilities include, but are not limited to:

- LED Message Centers
- Channel Letters
- Pylon Signs
- Wall Signs
- Graphics / Banners
- Interior ADA Signs
- Lighting Retrofitting
- Electrical Servicing

When you work with Praise Sign Company, you gain a partner who:

- Consistently meets or exceeds customer deadlines, production goals and delivery dates.
- Is willing and able to expand and improve upon your ideas but does so cost efficiently.
- Can do it all. Praise offers turn-key signage, lighting and electrical servicing. – One stop shop!

People

Enough cannot be said about our employees at Praise Sign Company. Our staff is knowledgeable, committed, and proud of the work we do. At Praise Sign Company, we are working together, for you.
